

Cookies

King Spa uses functional, analytical, and tracking cookies. A cookie is a small text file that is saved in the browser of your computer, tablet, or smartphone the first time you visit this website. King Spa employs cookies with a purely technical functionality. These ensure that the website functions properly and, for example, remembers your preferred settings. These cookies are also used to ensure the website operates efficiently and can be optimized. In addition, we place cookies that track your browsing habits, so we can offer customized content and advertisements. Upon your first visit to our website, we already informed you about these cookies and asked for your permission to place them. You can opt out of cookies by configuring your internet browser to no longer store cookies. Furthermore, you can also delete all previously stored information via your browser's settings.

Refer to this website for an explanation:
